

Downey Fly Fishers

May 2013 Newsletter

Join us May 14th at 7pm and help us welcome two of our own for an in-house presentation on a variety of fisheries. DFF welcomes members Ray Sugiyama and Frank Kuhn as they discuss fishing locations in our own country and abroad. Frank will begin his fly tying demonstration at 6pm.

Ray Sugiyama is a long time member who will grace us with some of his travels. His career has been distinguished by helping advance the orthodontic specialty in many communities around the world. He has carried out his personal missionary work by teaching orthodontics at forty-one universities throughout Asia, ten universities in Mexico, and seventeen universities in South America. Dr. Sugiyama has studied the differences in the dental anatomy and tooth-to-bone relationships in Asian, Black, Hispanic, and Caucasian populations and has developed special ethnic braces- the SEBA & ProTorque™ orthodontic bracket system. Lucky for us his travels have allowed him to fish the world over. Ray's presentation will cover fishing the San Juan River in winter for big trout, spey casting for Salmon and Steelhead in British Columbia with Frank Kuhn, and sight fishing for Permit and Bonefish in Ascencion Bay, Mexico. Hope to see you all there!!! Join us at 6:00 pm to watch Frank Kuhn tie some amazing flies that represent his years of experience behind the vise.

SWCFFF Fly Fishing Faire Mammoth Lakes, CA

Submitted by Carl Laski

South West Council Federation of Fly Fishers (SWCFFF) will hold their 2nd annual Fly Fishing Faire in Mammoth, September 20-22, 2013. With the help of the clubs in the council, we hope this event will introduce more people to our sport and drive even more toward a club near them. We will be offering workshops on casting, tying and on-stream techniques. More details will be coming and we want to hear any ideas that you might have. With all of our participation, this could be the biggest fly fishing event California has ever seen!

Rush Creek Clean Up

Submitted by Carl Laski

Trash, from monofilament to old bait containers, will be picked up from Rush Creek, Silver Lake and down the canyon as far as Grant Lake by member club representatives of the Southwest Council Federation of Fly Fishers (FFF) on

Saturday, June 22nd. The Seventh Annual Rush Creek Cleanup is slated for 8 am-12 pm, according to Joe Lemire, a member of the Streamborn Fly Fishing Club and SWC IFFF representative. Silver Lake Resort in the June Lake loop will provide a free barbeque lunch following the cleanup. Volunteers will pick up and dispose of trash along an approximately five-mile stretch of the eastern Sierra along the shoreline of Silver Lake and Rush Creek from the power plant above Silver Lake down the canyon to Grant Lake. "We've previously filled as many as 60 trash bags on our Rush Creek cleanup; this year we expect to haul out 30 to 40," Lemire said.

Club volunteers are expected to carry out coolers, sun glasses, broken bottles, automobile hub caps, hundreds of feet of fishing line, hooks, lures and bobbers that are a death trap to wildlife. If enough volunteers show up this year, the cleanup can continue up the canyon and impact the environment as far as the Gull Lake area.

Anglers who will be in the area and want to volunteer should meet at the Silver Lake boat ramp at 8 a.m.; bring gloves, hat, sun screen, trash pick-up sticks, boots and waders if you have them.

Trash bags will be provided by Silver Lake Resort. For information, contact Lemire at jflx8@dslextreme.com or phone 909-609-1101.

Beginning Fly Tying Class

Presented by
DOWNEY FLY FISHERS

This FREE 6 week class starts from the beginning and gives

Club Objectives and Purpose

1. To promote, maintain and enjoy all phases of fly fishing.
2. To maintain a high standard of true sportsmanship and promote social relations among it's members.
3. We, individually, undertake to take at least one youth fly fishing annually; instructing them, to the best of our ability, in the art and responsibilities that are soon to be wholly theirs.
4. To fraternize and cooperate with organizations whose aims and purposes are for the protection and betterment of California fisheries, to preserve our waters and to promote our sport.
5. To promote instruction and information in fly casting, fly tying, rod building, and entomology. These classes will be open to the public and free of charge.
