

Downey Fly Fishers

Join us September 9, 2014 to welcome Fred Ramirez and Phil Davis for an incredible northern California trout program

My name is Fred Ramirez. Phil Davis, my business partner, and I run Central Sierra Fly Fishing Adventures. We are a year-round fly fishing guide service in Clovis, CA. This area holds some of the best fly fishing in the Central Sierra. We have a wide variety of rivers, streams and lakes that offer the fly fisher a chance at rainbows, browns, brooks and the elusive golden trout.

I have lived in the Central Valley for 50 years, and have been fly-fishing here, and the Sierras for more than 38 years. I learned to fly fish at the young age of 12 in a small creek in the Sierras and have been doing so ever since.

Phil has been fishing the Central Valley for more than 48 years. He just retired from teaching, which now gives him even more time to fish!

In the summer we fish out of Vermilion Valley Resort at Edison Lake in the High Sierra. We also do horse pack trips in the High Sierra. We have multiple areas in which to fish. In the High Sierra we have Upper Mono Creek behind Edison Lake, Lower Mono Creek below the dam, and all the other creeks that feed into Edison Lake. We also have the upper and lower section of the South Fork of the San Joaquin River, as well as a few small High Sierra lakes we can fish with float tubes.

We are one of the first guide services to have a permit to guide in the Sequoia & Kings Canyon National Parks. We have a variety of waters to fish-from the South fork of the Kings River to many small creeks. We also guide on the three sections of the Kings River: the South Fork within the park, the upper section above Pine Flat Lake, and the Lower Kings below Pine Flat Lake.

We are proud to announce that Central Sierra Fly Fishing Adventures is a Certified Tenkara Guide Service. Tenkara is the traditional Japanese method of fly fishing, which uses only a rod, line and flies. Simplicity.

Give us a call. Don't miss your golden opportunity!
