

Downey Fly Fishers April 2015

**Club meeting:
Tuesday 4/14/15
6pm - 9pm**

**Join us for “Movie Night”,
pizza, and refreshments.**

Castaway Films, “Equilibrium the Last Frontier”

Bristol Bay has the largest salmon run on earth, and has a population of rainbow trout that benefit from this huge influx of salmon. Dr. Gary Borger, Gary Loomis and others are enveloped into Alaska’s beauty and tackle some of the world’s most coveted gamefish.

The producer, Dr. Grant Wiswell, participated in Dr. Raymond Sugiyama’s “Downey Fly Fishers Kids’ Fly Tying Class” when he was in grade school.

Pizza and refreshments will be available.

Zino Nakasuji will demo a fly by Matus Sobolic called the “Over Sleazy” from 6:00pm to 7:00pm. This fly is credited for many sight fished carp on the Los Angeles River.
