Downey Fly Fishers welcomes Michael Schweit

Michael Schweit has been fishing since the age of 8 (catch and release as he dropped his first trout back in the Kern) and took up fly fishing over 30 years ago. His passion is saltwater fishing because he likes to see his backing knots. **Five** years ago, he landed a world record White Seabass on 8# tippet at the Channel Islands. When not fishing and running a tile contracting business, he is president of the Southwest Council, International Federation of Fly Fishers, a role he has held for the last 6 1/2 years. His goals with the Council and the member clubs is to bring greater visibility to fly fishing and encourage the general public to participate in the sport we love. He will be showing a program on **Off Shore Fly Fishing out of San Diego**. Michael can also answer any questions you have about the Council and IFFF.
